

The Bulgarian Oracle User Group is pleased to welcome all members of the EMEA user groups to the BGOUG Spring Conference. The two day conference will be held in the sunny town Sandanski from 13th to 15th of June 2014.

The event has very compact and strong agenda; the majority of the content will be delivered in English and the conference offers great opportunities to network and share of experience.

As a member of an EMEA user group you will get same preferences as a BGOUG member. The conference fee includes the accommodation and it is in the range of 150-220EUR depending on your preferences. If you plan to attend, look for flights to Sofia airport and plan to arrive in Sofia on Thursday, there will be a shuttle bus from Sofia to Sandanski on Friday morning.

Visit the event web page for more information on the agenda, transportation and how to register: <http://www.bgoug.org/en/events/details/92.html> .

In case of any questions regarding the participation, don't hesitate to contact us at: info@bgoug.org.

Looking forward to welcoming you in sunny Bulgaria
BGOUG Team
